

“Giving healthcare a human *touch.*”

YOUR CHOSEN HEALTHCARE PROVIDER

SES is the leading medical provider in Zambia. We provide access to the highest quality medical care. With over 21 years of operating experience within Zambia, SES is a sustainable, long term Zambian company addressing Zambian medical needs. SES is embedded in the local community and is committed to sustainable business practices.

Unihealth, SES' parent company, provides medical solutions

throughout the African region. By providing internationally recognised clinics and medical personnel on the ground, we address medical issues locally. Our focus is providing cover for corporations in petrochemical, oil and gas, and mining sectors.

Unihealth provides bespoke services on the ground, offering healthcare solutions to organisations and supporting their corporate objectives.

SES Tailored Medical Plans

Emergency Services

SES has extensive knowledge in emergency and evacuation procedures in sub-Saharan Africa. From our central bases in Zambia, we are able to deploy rapid emergency response services throughout the region.

These services include:

- Advanced Life Support paramedics (ALS)
- Road Ambulances
- Air Evacuations

Medical Cover Plans

We offer a wide range of products addressing the needs for people living in Zambia, which range from local medical emergency only plans to international comprehensive cover. We provide our members with peace of mind through our trusted medical services.

For larger organisations, tailored plans are available which will fit your organisations requirements.

Tailored Corporate Products

Teacher Forum

A new range of benefits for teachers, which fit within a school budget. The cover includes out-patient and in-patient cover, along with optical and dental benefits.

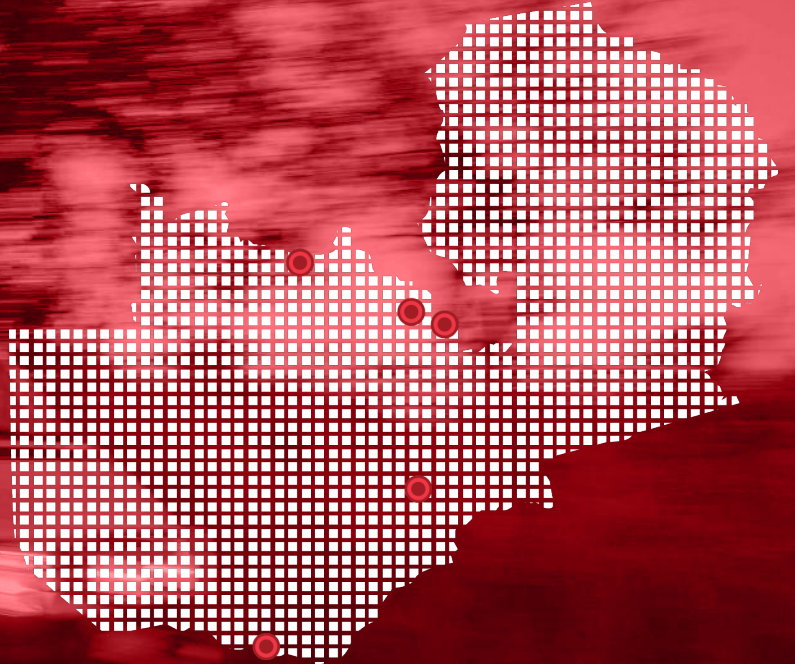

Pupil Forum

Protects your child when they are at school. Provides Local Evacuation and Treatment.

Agri Forum

As farming is a vital sector to our economy, we support this sector and provide discounts on healthplans taken out by individuals in this industry.

covered

Bases in **Lusaka, Kitwe, Ndola, Solwezi & Livingstone**
Offering **National** and **International** health cover

Site Based Solutions (Corporate Clients)

Specialty Emergency Services is a Zambian based medical service provider.

SES offers site-based medical services, which include deployment by internationally trained paramedics, doctors and nursing staff, as well as the placement of fully equipped remote-site clinics and emergency holding areas. Evacuation and disaster management plans are tailored to on-site facilities.

SES specialises in the placement and implementation of remote-site clinics to suit the unique requirements of the client.

These services include, but are not limited to:

- Mobile clinics
- Site based doctors
- Site based nurses
- Site based advanced Life-Support Paramedics

C-Track SES Partnership

C-Track mobile protector is now supported by SES. SES will now know when you are in a car accident which in turn will ensure faster primary response in an emergency. C-track's powerful tracking system allows us to monitor where you are and to provide you with peace of mind when you are in a car accident and need urgent medical attention.

This feature is part of your CTrack product which gives you the peace of mind that we are with you all the way.
